

RELATIONSHIPS

We build a lot more for our clients than floating production units.

Come see us at OTC Booth 9123 in the Pavillion.

MODEC's team of professionals listen to and deliver the clients' requirements, goals and objectives ... from "what if" conversations to feed studies, full-fledged projects, installation, first oil and continued operation and maintenance. And, MODEC has proprietary, industry-leading systems for asset integrity management and personnel competency assurance which benefits the client by improving efficiency and ultimately uptime. Profit from our experience.
